INTRODUCTION
AND GENERAL INDEX

SACRAMENTO DIRECTORY CO., publishers of the Sacramento Suburban Directory, present to subscribers and the general public, this the 1962 edition of the Sacramento Suburban Directory.

Confidence in the continued growth of the Sacramento Suburban Cities wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the Sacramento Suburban Cities to the world.

The enviable position occupied by SACRAMENTO DIRECTORY CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sacramento Suburban Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:

I. THE BUYERS GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Sacramento Suburban. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Sacramento Suburban, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of the Sacramento Suburban Cities is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of the Sacramento Suburban Cities, and the name, official personnel, nature and address of each firm and corporation in the cities.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for the Sacramento Suburban Cities, Arden, Carmichael, Del Paso Heights, Fair Oaks, Foothill Farms, North Highlands, North Sacramento and Town and Country, is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers as supplied to us on the canvass opposite the name.

V. THE NUMERICAL TELEPHONE DIRECTORY for the Sacramento Suburban Cities, is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of the Sacramento Suburban community.

The Sacramento Directory Library

Through the courtesy of the publishers of the Sacramento Suburban Directory, a Directory Library is maintained at the Sacramento Public Library, for free reference by the general public. This is one of more than 1000 Directory Libraries installed in the chief cities of the U.S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the Directory as an advertising medium, with assurance that it will bring a commensurate return.

THE AREA IN GENERAL

The north area of Sacramento County is only in its beginning as a great urban region--authorities declare. Curve of population increase is steadily mounting on heels of an influx of 145,000 new residents the past 10 years--brought by the area's attractions, including country atmosphere and fine climate.

Several populous centers with all urban facilities have been newly created in the past decade, some are continuing the trend. Many of the thousands of employees in California State offices in Sacramento, as well as workers in the Capitol City's businesses and industries commute to the north area.

The area extends from flat lands bordering the American and Sacramento Rivers into rolling hills in its northern and eastern portion.

HISTORICAL LORE

Much of what is now the north area was included in two huge ranchos, the Rancho Del Paso and Rancho San Juan, Mexican grants. The Del Paso was deeded by John A. Sutter to Eliab and Hiram Grimes and John Sinclair on August 10, 1853, and the San Juan was granted by Governor Micheltorena to Joel P. Dedmont on December 24, 1844.

John Marshall stopped in the area in 1848 to announce his discovery of gold at Coloma. Mary Sinclair, first white woman to locate in the Sacramento Valley, established her home in the North Area.

When James Ben Ali Haggin, a Kentuckian, acquired the Rancho Del Paso in 1860, he stocked it with the finest thoroughbred stallions and brood mares in the world—as many as 600 at one time. The ranch produced some of the best known horses in America in the late 19th and early 20th century, including Salvatore.

In addition to Arcade Boulevard, named after the "arcade" of buildings on Haggin's ranch, early area history is preserved in other street and district names, including Del Paso ("The Ranch of the Pass"); San Juan; Carmichael, honoring Daniel Carmichael, founder of the Carmichael Colony; Greenback Lane, originally near a long-extinct railroad right-of-way and named for the then little greenback money used as payroll by the railroad; Ben-Ali and Hagginwood, for James Ben Ali Haggin.

DISTRICTS—GREATER NORTH AREA

ARCADE

Includes a number of particularly attractive residential sub-divisions and the widely known Del Paso Country Club. The Arcade Square business and professional section is one of the newer and more attractive business centers in the area. Arcade was for years a cattle ranching and horse raising area and the Central Pacific Railroad had an Arcade station as early as 1868; but the homes of the districts 35,000 to 40,000 residents are as new and modern as tomorrow.

ARDEN

Is an extensive residential area of the best modern suburban type, extending for seven miles in the vicinity of the historic American River. It contains a remarkable number of bright new retail shopping centers, including Arden Town, Arden Plaza, Arden Way, Del Paso Manor, and the El Camino Shopping Center. Banks of the American River are scenes of numerous picnics.

BEN ALI

A triangle-shaped district bounded by the Southern Pacific right-of-way on the west, Ethan Way on the east, and Arden Way on the south, except for an extension south of Arden Way to the Freeway at the extreme southwest corner. On both sides of the freeway are two of the Sacramento area's principal industrial parks. Also in the district are two large-scale, ultra-modern hotel-motels, The Sacramento Inn and The El Dorado, and the huge Sears retail complex, the largest property occupied exclusively by a Sears-Roebuck & Co. operation anywhere in the world. Newly completed is the Hale's Department Store, built at a cost of $7,000,000. It is the largest in Northern California excepting the San Francisco Bay area. Adjacent is the area's newest gigantic shopping center, Arden Fair. To the north and east of this is one of the area's fine new residential districts. Directly to the south is the 1,065-acre site of what is designed to be the foremost state fair in the United States, the California State Fair and Exposition.

CARMICHAEL

One of California's most unique and colorful communities, with modern shopping centers and giving atmosphere and hospitality of the old west as personnel wear western attire. Homes are located on unusually large sites. A large, attractive community center and club house, and the Veterans' Memorial Building, are located in Carmichael Park, which is also the site of a new public swimming pool. Special events include the Carmichael Fall Festival, barbecue, rodeo, street dance, and parade, and the Western Fair.

CITRUS HEIGHTS

An extensive business, residential, and semi-rural region comprising the northeast portion of the north area. Citrus Heights has two principal shopping centers, one at Sylvan Corners (Auburn Boulevard) and one at Mariposa Avenue and Watson Way. Its attractions include Rusch Memorial Park, and one of its major annual events is the Garden Club Fall Flower Show.

COUNTRY CLUB CENTRE

Country Club Centre, with its tall palms, striking buildings, and attractive mall and surrounding satellite shopping segments constitute one of the most pretentious shopping complexes in California. Noteworthy are conveniently arranged parking areas accommodating 35,000 cars daily. Flower Shows, and civic activities are among special events at the centre, and square dances on the mall are regular Friday evening events during summer months. Included in the complex surrounding Country Club Centre is Country Club Plaza and Gourmet Lane; the mammoth Weinstock-Lubin store and Country Club Bowl, huge amusement center.

DEL PASO HEIGHTS

Has two principal business sections, one at Marysville Road and Grand Avenue and one at Rio Linda Blvd. and Grand Avenue, both constantly developing in pace with the growth of the district. In the midst of the district's extensive residential area is the spacious campus of Grant Union High School. Connecting is the prosperous business-residential and small farms community of Robla.

FAIR OAKS

Is a dispersed, uncrowded, suburban and ranching community surrounding central business blocks, located in rolling, tree-studded country, the first foothills of the Sierras, on the bluffs of the American River. Added beauty is given by olive, orange, and almond groves. Aerojet Corporation, and other new industries, two gravel plants, an olive cannery, the Natomas gold dredge and Mather Field, are nearby sources of employment. It has several fine community and organization buildings, a civic center park and playground, and a park board supervised swimming beach on the American River. Nimbus Lake is close at hand.

NATOMAS

An extensive section of homes and small farms near the confluence of the American and Sacramento Rivers. In Northgate section are some of the finest new residential subdivisions in the area. The district affords ample room for many more large, desirable home-sites and sub-divisions. Beautiful homes line the north shore of the Sacramento River, along which are also located several yacht harbors. The northern portion includes some of the finest agricultural land in California. In this area is the site for the planned multi-million dollar "Jet Age" Airport which will serve Sacramento and adjacent counties. The Natomas area is expected to be area's next major growth section.

HAGGINWOOD

A Suburban residential and business community convenient to the larger business districts, notable for its unhurried aspect. Lofty trees and many winding residential streets provide a pleasing setting. One of its beauty spots is Hagginwood Park, site of the commodious Hagginwood Community Club House, including the new public library. In the early days the present Hagginwood District was the home of the three-quarter century old ranch house which was the home of the superintendent of the Haggin Ranch.

NORTH HIGHLANDS

Is one of the newest and most rapidly growing communities in California. North Highlands adjoins McClellan Air Force Base. An increasing number of bright new shopping centers serve needs, others are under construction. Larchmont and Strizek Parks and the Capehart Housing Village continue under development, will include community and recreational facilities. Noteworthy of the type of development is that this community alone now has 18 churches, all established in the past 6 years. Underway on 3,000 acres is the immense Bohanon $10,000,000 integrated residential, commercial and industrial development. Four-lane divided highways take the North Highlands residents to downtown and mid-town Sacramento in minutes.

NORTH SACRAMENTO

An incorporated city of 14,000 persons, is a thriving residential, business and industrial center with all urban services and facilities in a suburban environment. It has four industrial parks and an industrial section under constant expansion. Its principal business section follows lengthy and wide Del Paso Boulevard. Its facilities include 7 parks, the Woodlake Swimming Club, a Civic Center, several lodge and organization buildings. North Sacramento has a wide variety of active organizations and service clubs.

ORANGEVALE

Oldest recorded "colony" in the State formed basis for this extensive unincorporated region in the northeast portion of the area, with its attractive residential and semi-rural section. Several huge subdivisions are under development. It includes two principal business sections on and adjoining Greenback Lane, one at Main Avenue and one at Hazel Avenue. It is a principal gateway for Nimbus and Folsom Lakes. Among its annual events are the Youth Carnival in August and the summer regatta on Nimbus Lake.

RIO LINDA-ELVERTA

Is a rich rural and residential area, surrounding towns of Rio Linda and Elverta. Rio Linda is the center of one of the principal poultry areas in the west and includes hatcheries, breeding farms and processing facilities for both chickens and turkeys, feed mixing and sales, and egg marketing. Elverta is a center for rice and grain, with extensive orchards to the east. Elverta's large swimming pool is a popular spot.

TOWN and COUNTRY VILLAGE

Widely-known Town and Country Village shopping center, with its distinct California Mission-rustic architecture, the smart, new neighboring Taylor Shopping Center and a number of large garden-court apartment buildings are a part of a great array of business, professional, restaurant-entertainment and apartment structures spreading out from the traffic hub of Fulton and Marconi Avenues. These are surrounded by sections of fine homes. One of the attractions of "The Village" shopping center are the fashion shows each Wednesday and Friday at the Chuck Wagon. Fulton Avenue has become renowned for its numerous excellent restaurants offering a wide variety of cuisine.

FAIR OAKS

(Courtesy Chamber of Commerce)

Location--Sixteen miles northeast of Sacramento on the north bank of the beautiful American River, two miles north of U. S. Highway 50.

Population--1960 population 15,700. Population growth continues rapid.

Government--Fair Oaks is unincorporated, with Sacramento County providing roads, police (a resident deputy sheriff), and other services. Local government is by self-governing districts--fire, park, school, cemetery, sanitation and water.

Industry--Two gravel crushing plants are the largest local industries. Thousands of local residents, however, are employed by the Aerojet-General rocket plant four miles away, a Douglas Aircraft plant McClellan Air Force Base (which has 14,000 civilian employees), Mather AFB, the State of California, and private business in Sacramento and locally.

Schools--Fair Oaks has three elementary schools, and is served by two high schools. The San Juan Unified School District is one of the best in the state, noted for its high scholarship standards and its fine music department.

Churches--There are many churches in Fair Oaks, including the Presbyterian, Methodist and Baptist Churches, all with new buildings erected or in process; Faith Lutheran, with a new parochial school; Bible Baptist, St. Mel's Catholic, and L.D.S. (Morman) Church and Kingdom Hall.

Services--Fair Oaks has a modern fire department, with a paid staff of three men and volunteer firemen to assist. Its water supply is excellent, with seven deep wells and all the water it can use from Folsom Lake. It is served by inexpensive power from the Sacramento Municipal Utility District and natural gas from PG&E. Served by 2 banks, Bank of America and Crocker-Anglo National Bank.

Recreation--Next door to Nimbus Dam and Lake, and only a few miles from Folsom Lake, Fair Oaks is destined to become a great recreational center when these lakes are developed as State Parks. In addition, Fair Oaks has a beach on the banks of the American River, and several local parks and playgrounds.

CARMICHAEL

"There Are No Strangers In Carmichael"

(Courtesy Chamber of Commerce)

The Carmichael Chamber of Commerce is located at 2922 Fair Oaks Blvd., Carmichael

Location--Carmichael, located about ten miles northeast of Sacramento, the Capital of California, is a rural community designed by nature to be a place for gracious, leisurely country living. It encompasses over one-hundred square miles, of which an extensive area borders the beautiful American River. Slightly rolling hills weave their way backward from the river, with the Sierra Nevada Mountains to the Eastward. The terrain provides an ideal and cultured setting for quiet living, with schools, churches, recreational areas, and required business establishments available. It is ideally situated for those working in Sacramento, McClellan Air Force Base, Mather Air Force Base, Aerojet-General Plant, Folsom Dam, Nimbus Dam as well as other businesses and industries.

Business--Carmichael's business district includes every line of stores and merchandise (Well over one hundred, not including the professions) and the friendly merchants are always glad to welcome newcomers.

Education--School attendance in the past 10 years for the Arden-Carmichael School District (now merged with the San Juan Unified School District) has grown from 596 to 13,000. Seven years ago there were two grade schools; now there are 20. One new high school has been built and another is underway and two more are projected. Carmichael also is part of the American River Junior College District, has a new $5,000,000 plant.

Homes and Parks--Every type of home is found in Carmichael from the spacious mansion to the most modest dwelling. Your initial impression of Carmichael will make you want to linger a while, and as you become acquainted with the opportunities for personal accomplishment in living--you will feel assured that Carmichael is the place. Our Carmichael Park is one of the most beautiful in the Country. It has a beautiful modern Community Club House, a Veterans Building, ball parks and picnic spots. It will also have the Community Swimming Pool very soon.

Fire Department--The Carmichael Fire Department, depending largely on 37 volunteers, has an outstanding record in fighting fires. It has 2 firehouses with 6 trucks. Two of them are 1,000 gallon pumpers and one crash truck. Carmichael has its own fire alarm system and all trucks are equipped with two-way radio.

Organizations--Churches of every denomination play a very important part in the life of the residents of Carmichael. Its clubs and lodges include Rotary, Lions, Chamber of Commerce, Junior Chamber of Commerce, American Legion, V.F.W., P.T.A., Improvement Club, Business and Professional Women's Club, Order of Eastern Star, Native Daughters of The Golden West, American River Riders, 4-H and others. There is an organization or lodge for everyone.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

The Polk Market

picks new-car buyers out of the crowd

To meet today's fierce competition, automobile advertisers and their agencies recognize that mass advertising is not enough. Everybody is not a prime prospect for a new car, just as everybody is not a prime prospect for a truck, a tractor or a cabin cruiser.

Certainly, mass advertising is essential to create a receptive climate for new automobiles. But the complete automobile advertising program must cultivate, personally and intensively, those individuals who *can* buy . . . and who *do* buy regularly!

The Polk Market is the one medium that picks these regular new-car buyers out of the crowd and identifies them by name and address.

Then the automobile advertiser and his agency can direct personal, forceful mail advertisements to these identified new-car buyers, using The Polk Market exactly as they use other printed media.

Automobile advertisers and their agencies who have used The Polk Market have been impressed by its ability to move people into action, to identify dealerships and to buttress an entire advertising program.

Continuing research and experience prove that advertisements mailed to potential buyers gain greater attention . . . win far higher readership than any other form of printed advertising . . . tell a much more complete sales story . . . and pay off in measurable sales results — *all at a surprisingly low cost per reader-prospect!*

R. L. Polk & Co. functions in mail advertising exactly as the publisher functions in other printed media. Standard gross rates and specifications have been established by R. L. Polk & Co. when acting as the complete publisher for specific types of mail advertising campaigns. These rates apply equally to advertisers and agencies and are fully commissionable to the agency.

We will be happy to show you how The Polk Market can help you make all your advertising dollars work more effectively. Let us hear from you.

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

MR. CITIZEN! CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Your savings are insured to $10,000 by the Federal Savings and Loan Insurance Corporation, a permanent agency of the Federal Government. • Funds received or postmarked by the 10th of the month earn interest from the 1st of the same month and we pay postage both ways. • A family of three can have $70,000 in savings fully insured at General Savings and Loan Association. • You have complete flexibility in the use of your money when you save at General Savings. You can add to your account in any amount at any time, you may borrow against the account, and savings have always been readily available for withdrawal at General Savings. • Corporations, trust funds, executors of estates and many others are placing funds entrusted to them in insured savings accounts at General Savings. • Whatever your savings requirements may be, there is an insured savings account to fit your needs at General Savings and Loan Association.

Cashiers! Tellers! Clerks!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

MR. CITIZEN! CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

The Polk Market
picks new-car buyers out of the crowd

To meet today's fierce competition, automobile advertisers and their agencies recognize that mass advertising is not enough. Everybody is not a prime prospect for a new car, just as everybody is not a prime prospect for a truck, a tractor or a cabin cruiser.

Certainly, mass advertising is essential to create a receptive climate for new automobiles. But the complete automobile advertising program must cultivate, personally and intensively, those individuals who *can* buy . . . and who *do* buy regularly!

The Polk Market is the one medium that picks these regular new-car buyers out of the crowd and identifies them by name and address.

Then the automobile advertiser and his agency can direct personal, forceful mail advertisements to these identified new-car buyers, using The Polk Market exactly as they use other printed media.

Automobile advertisers and their agencies who have used The Polk Market have been impressed by its ability to move people into action, to identify dealerships and to buttress an entire advertising program.

Continuing research and experience prove that advertisements mailed to potential buyers gain greater attention . . . win far higher readership than any other form of printed advertising . . . tell a much more complete sales story . . . and pay off in measurable sales results — *all at a surprisingly low cost per reader-prospect!*

R. L. Polk & Co. functions in mail advertising exactly as the publisher functions in other printed media. Standard gross rates and specifications have been established by R. L. Polk & Co. when acting as the complete publisher for specific types of mail advertising campaigns. These rates apply equally to advertisers and agencies and are fully commissionable to the agency.

We will be happy to show you how The Polk Market can help you make all your advertising dollars work more effectively. Let us hear from you.

R. L. POLK & CO. — 431 Howard Street
